EDUCATION

RMIT University

BA, Digital Design
February 2020 - December 2022

WORK EXPERIENCE

Digital Product Developer

CiiLOCK Engineering / Jan 2024 - Present

Specialising in scalable web applications, product design (UI/UX), and cloud infrastructure. Experienced in crafting intuitive user interfaces in Figma, building robust front-end components, and optimizing back-end logic—driving end-to-end performance from user research and system architecture to Cloudflare setup, SEO, and automated data workflows.

+ Web Development + Product Design

Creative Designer

Forethought / Aug 2023 - Jan 2024

A part of Forethought's studio creative team. Assisted in content production, creative strategy and development.

+ Adobe Creative Suite

Technical Designer

Nüdel Kart / July 2022 - Oct 2022

University Internship - Utilising Autodesk Fusion 360 to construct working educational models and animations.

+ CAD + Autodesk Fusion 360

EXPERTISE

- Experience in building scalable & dynamic web applications using **React**, **Python**, **HTML**/**CSS**/**JS** & **JSON**.
